

The Ballbusting Arena 2: Sofia's Choice

by Preun BB

"Welcome to the first fight of the night, ladies! Joining us in the ladies' corner, for her 74th fight, is everyone's favorite Soviet Strongwoman, Sofia! Wow, she's really been hitting the gym recently, look at that body! No wonder she's never been defeated." The announcer's voice boomed across the arena.

"Yeah Alice, she's a work of art. Too bad it's not more fun to watch her fight."

"It's that Russian work ethic, Jenny. No bullshit, no chitchat. She'll be unlacing her gloves before she's even done popping your balls. Efficient, if a little boring."

Sofia frowned. Why did people always complain that she did her job well? She was a castratrix first, a fighter second, and a performer not at all. The arena was about the ultimate triumph of woman over man, not about masturbating in front of an audience.

"And in the other corner..."

"Should we even bother to introduce him? We all know he won't be coming back after Sofia's done with him."

"Won't come ever again, more like. But let's give him a chance. Glve it up for...Daniel! We don't have a last name, or an intro or anything, since he's brand new to the ring."

"You say that every time, Jenny."

"Because it's always true! Aw look, he's starting to get scared."

The boy was doing his best to hide it, but Sofia could see him shaking. He wasn't half bad looking. A respectably thick cock hung over his balls. He had a broad chest with pecs and abs brushed with short curly hair, a full mop of brown hair. A look of determination barely masked the sheer terror he was obviously trying to hide. His features were sharp, but oddly attractive. In a different place, she might even...

But they were here, in the ring. There was only one thing she *could* do to him. Those low-hanging testicles would be nothing but mush in a few short minutes. Already, she felt herself start to get wet at the thought. Touching in the shower after the fight was just as good as an actual fuck, right?

Right. Sofia sighed. It had been so long since she'd actually had a man...but no. Today wasn't the day for that. The Ice Queen couldn't fuck men in the ring.

Sofia stretched her arm over her shoulders, and his eyes grew wide. He would've been undressing her with his eyes if she wasn't already naked. His hungry gaze took in her taut breasts, and her tight, shaved pussy. The purest symbol of her superiority. Between his legs, a twitch.

"Oooh, someone's hopeful."

"Can't blame him! She's scary, and cold as ice, but that is a hell of a body."

"Just start already, *da?!"* Sofia shouted at the two chatty bitches.

"Sounds like our favorite bear of a gal is getting impati-"

The banter was cut off by the bell. The handlers behind Daniel pushed him into the ring. He stood there, hands in front of him defensively, legs spread in an almost-competent fighting stance. He'd had some practice.

But less than her. She approached him quickly, not even bothering to defend herself. He had longer reach, and swung before she could get close enough, but she dodged his blow lithely and sent an uppercut into his crotch. He managed to close his knees in time to block it, trapping her fist between his thighs. With her other hand, she pulled him forward, ignoring the blow he threw limply at her stomach. Then she freed her trapped hand and rocketed it into his naked balls.

Whatever semblance of defense he'd put up crumpled at the first blow. His hands instantly flew to his balls. She stood up and put her hands on his shoulders. One, two, three knees shot into his crotch, as fast as lightning. Something crunched beneath her kneecap. Two more blows, more crunches. Either fingerbones or testicle had given way, just a bit.

"No...please..." His voice was a thin whine. The announcers banter was white noise above. "Why? Can you just fight fair? You don't even have to do this."

"This is fair fight."

"I...I can't retaliate. How the fuck is this fair?"

She shrugged. "Get stronger."

"You...you're so strong. You can win anyway. Without...doing...*THIS!*" He grabbed her leg to try to defend himself from her next knee. His defense only slowed her down, and her hard knee made contact with his orbs, deforming them against his pelvic bone. Still, he'd broken the blow enough to avoid the permanent damage she'd been aiming for.

"Stop. Stop fighting." She grunted. "You just drag it out. We finish fast, ok?" She pried his hands away from his gonads and wrapped her hand around them. Then she started to squeeze. He jackknifed over, clawing weakly at her grip, tears starting to stream down his face as nut meat bulged through her fingers.

"It doesn't have to take long. It hurts less if it's fast." She was almost whispering in his ear now, holding him close as a lover. But he ignored her words. He was desperate, punching at anything and everything he could, panicking like an animal in a trap, and fighting as pointlessly as one. Nothing he did even got close to making her let go of those two delicate organs.

"Aaaand she's got him in the death grip, ladies! We've seen this one a hundred times before from Sofia, and we all know how it ends."

"Yeah, she's sticking to her old standby, silently squeezing some poor boy's balls into mush. Not the most exciting end to the fight, but certainly effective." Alice stifled a yawn.

Sofia growled. Did they think this was *boring*? A man was about to lose everything that made his life worth living, and they were *bored*?!

She'd show them boring. And she wasn't going to wait until she got to the locker room this time.

"You want one last?" She whispered into his ear. He just looked at her, eyes wide and bloodshot, whimpering something unintelligible. She was squeezing hard enough she could feel his heartbeat in his balls. It was fast and shallow.

"What? You'll let me go? You...you won't break them?"

She scoffed, and twisted. "No. I still pop you. But I can give you one last..." She made a pumping motion with her free hand. "One last squirt. If you do what I say. Yes?"

"No... NO! You have to let go! My fiancée, we were going to have kids, she just said I needed to win one fight here..."

Sofia rolled her eyes. "You lose them either way. If you don't want your last one..." She pressed her thumb into his left ball.

Daniel was in hell.

It had seemed so simple. He'd always known about Vanessa's little "hobby" of some sort of not-quite-legal fight club. She'd always assured him that the fighters involved all knew what they were getting into, all signed waivers for whatever injuries they sustained in the ring. He hadn't dared ask more specific questions than that. It had been clear she wanted to keep that part of her life separate from him.

When she told him he'd just have to do one fight to earn her hand in marriage, he'd agreed immediately. Of course he would do anything to marry her, but it was also the closest she'd gotten to opening up about her private life. Besides, he was a boxer. How hard would it be to win against amateur housewives and coeds?

Now he saw why she'd kept it secret. It wasn't a fight club; it was the most thoroughly role-played swingers club in the world. Some kind of female domination, castration kink focused roleplay (not surprising, considering the stuff she liked in bed). They'd even made him sign a very real-looking contract. He played along, but he could tell where this was going. A play-fight in the nude, followed by something for the voyeurs. No matter how real it seemed. He wasn't happy she'd hidden it from him, but he'd never been the jealous type, and they'd been open for years. And he'd always been a bit of an exhibitionist. He was more turned on than mad.

Especially once he saw who he was "fighting". She was exactly his type; strong, serious, blonde, and naked. Very strong. If he hadn't known it was all fake, he'd almost be a little scared. Her thighs looked as thick as his waist. And the way she sized him up, so frankly, like he was a piece of meat she was only a little interested in; her breasts, huge but somehow not the least big jiggly even when she'd charged at him, hardly moving when she rushed towards him, the ripple of muscle when her hand shot between his legs that first time...

That was when Daniel abruptly realized the arena wasn't role play.

She was breathtaking in the best way. And now the worst one, with her hand wrapped around his balls, slowly squeezing the life out of them in her painfully sincere grip.

"Clock ticks. Decide now." Between his legs, she twitched a finger, and something gave wetly beneath. Another searing dagger of ballpain shot through him, and he whimpered pathetically.

"My...my fiancée." He pleaded. "She's *watching*. I can't cheat on her."

A shadow of sympathy crossed his tormentor's face, although her hand stayed where it was.

"She told you to come here?"

"Yes...She must've thought I would win..."

"She didn't. Men always lose."

His heart froze. If he wasn't already choking on the pain, he would've gasped in surprise.

"She wouldn't...she couldn't...!"

"You're here because of her. With me because of her. She knew what would happen."

She pulled him closer, almost kissing him. He could smell her scent, and his cock made a full commitment to its budding erection.

"Now, one last spurt, or should I just pop?"

He met her eyes, his vision blurry with tears. Even now, he couldn't help but admire her. It was like she was carved from marble, every curve feminine yet strong, soft yet unforgiving. He couldn't help but stare between her legs, doing everything in his power to distract himself from the gradually increasing pressure between his own. Her pussy was pinched together, shaved close and obviously dripping wet. He imagined thrusting into it, feeling that wonderful warm grip, sliding in and out until his final orgasm, right before her fingers turned his balls into mush...

His cock bobbed up, eager as a puppy and dribbling precum. There was only one answer to give her. He nodded tearfully.

"What's this? The fighters appear to be...talking? I can't believe he still has both of his balls, she's usually at least halfway done by now.."

"Don't be so sure, Alice, I think I see something bulging through her fingers. Those gonads are not long for this world....wait. Sofia...appears to have let him go."

"And now our male contestant - *what was his name again, Jenny?* - And now Daniel appears to be...laying down now? What are we seeing here?"

"Looks like the Ice Queen is finally thawing, Alice."

Sofia stepped over him, giving him a perfect view of her perfect butt and shaved pussy.

"Can I do you from behind? It's my favorite way, and since it's my last..." Daniel's voice was barely a whimper.

"No. No sex. Hand only." She said.

"But...it's my only chance..."

"You don't want? I could castrate now."

He shuddered and sighed, staring with longing up between her legs. "Can I at least..."

"You can lick." Abruptly, she sat on his face, before he could finish asking her too. Her pussy tasted as delicious as he'd imagined. He buried his tongue inside her, desperately tasting as much of her pussy as he could, before flicking to her quivering clit.

"Mmmf." She wriggled on top of him, rewarding his efforts with more wetness. "Good. Now..."

He could feel her lean forward, and shuddered when her breasts rubbed against his sensitive dickhead. Something hard and warm wrapped around his shaft, and he gasped as she started to pump, vigorous but not painfully.

Unfortunately, the same couldn't be said of her other grip, which had wrapped tightly around his testicles and started to constrict.

Then, all at once, thought was replaced with sheer agony. She'd squeezed, sudden and hard. He could tell she'd been holding back before. Frantically, he licked faster, hoping a climax would spare him the worst of her strength, eager to give her what she wanted before she took everything from him.

His existence, his humanity, his manhood were all stripped from him, here on the mat, beneath this muscle-bound goddess. All he could focus on was that most primal urge, the need to procreate. Not the futile hope that he might escape with a testicle intact; he knew his balls were doomed. But the hope he could feel the sweet release of orgasm one last time was worth making her happy. It was the best part of being a man, and he knew he'd lose it forever soon.

Above, the blare of the announcers drowned out the cheers of the crowd.

"This is incredible. Sofia is...jerking him off! How many of her opponents have begged for the chance, Jenny?"

"They all did, Alice."

"And how many of them has she let cum?"

"This would be the first. That's right, girls, for the first time in arena history, the Ice Queen is getting her partner off one last time! I wonder what this boy's done to earn it."

"I think we can answer that. Look where she's sitting, he's not the only one getting off. I wonder if she'll take so long in the shower after this one..."

A fiery stab of pain alerted him of her probing finger inching inward toward the core of his nut. "Not much time now. You close?"

"I...mmmff." He needed more time. "Plllss...mmff."

"Tch. Do you need both of them to do it?"

"I...I dnnt..i dn't nnnno."

"I don't think so."

"Plmfeez..."

Pop

His legs went stiff, and pain choked him. He flailed for a few seconds, hands slapping the floor mindlessly, trying to somehow escape the awful wet feeling that was starting to flood his sack. Then consciousness fled as she started to gasp and buck on top of his face.

"Ooooh, and that'll be *it* for his left one! Guess our girl hasn't softened up too much. Would've thought she'd save the first pop until *after* he had his fun."

"No, just looks like she was waiting to get hers. Should've known that Russian bitch wouldn't be so nice. She's probably *crushed* his last chance to cum."

"Yeah, not a lot of boys can enjoy themselves with a broken nut sloshing around down there."

Sofia gritted her teeth, trying to drown out the announcers as ecstasy took her. Wetness sheeted her thighs, and when Daniel screamed he almost drowned. The feeble laps he'd been giving had stopped right after the pop, but she ground against his face all the same.

She'd always had to enjoy her climax to the mere memory of a broken testicle sloshing in her grip. To actually get to feel what she did, both hands wrapped around and fingers probing into the formerly intact organ, the poor boy twitching pathetically beneath with each indelicate invasion. Actually feeling the thing in her grip, squirming and squishing beneath her grip until it gave way so sweetly, right as she hit her point of no return...it was incredible. Another spasm took her, and she gasped loudly, holding none of her pleasure back.

Finally, she finished. The cheering crowd brought her back to reality. She was suddenly aware of how public that had been, and blushed furiously.

"Mmmmm...Sffa..."

She lifted herself up, squatting above him and giving him room to talk. "Ready for next one?"

"What...what about my...You said. You promised."

She shrugged. "Do you think you still can?"

"Do...do I still have the other one?" His voice was hoarse with agony.

"Yea."

"Then...I think I can. It hurts so much, I thought you wouldn't...I thought you'd wait to crush them until after...after I finished." he croaked.

"I wasn't going to at all. I was going to pop both."

"But...but you promised..."

"I lied. I thought. But.." Her voice was barely a hush. Then she scowled at the announcer's booth. "I'll show them who's ice bitch. You'll get your last one, if you can make it. Will hurt, though."

"It...it already does. But god, thank you so much, you're so beauti-*mmmmff!*"

She sat back down, muffling him. Then she wrapped both her hands around his cock, and pumped in earnest. His lopsided sack roiled rhythmically with her efforts, and it seemed quite painful for him. He squirmed around, clenching his thighs together and letting out the most delicious whimpers with each, as if that would unshatter his testicle. With each sloshing pump, he slammed his fist against the mat most distractingly.

Still, Sofia was impressed. Most boys couldn't even stay conscious after a pop, let alone through a rough jerk after. He was truly desperate. But his thrashing was getting annoying. She didn't have any way to pin his arms down though.

"You can touch, if you want."

A squeak of appreciation below, then she felt his hands on her buttocks. He squeezed, almost enough to hurt her.

"Not so hard," she said, emphasizing with her own harder *clench*. Barely a fraction of her strength, but it was enough for something to distort in her hand, in a manner that was likely permanent. Not that it would matter for long. His resulting scream was extremely pleasant against her clit.

His grip eased, but he still kept his hands cupping her butt.

"Do you like?"

"Mmmf." But she didn't need to hear him; the twitching of his member and spurt of precum that had just covered her hands told her all she needed.

"Is good?"

He nodded enthusiastically, strumming her clit.

"You better be getting close, or I pop it right now."

He was, more than she knew. He groaned, then stiffened and shuddered. His hands clenched her buttcheeks again, but this time she didn't retaliate. Clearly, he was past the point of self control; he was bucking in her grip, thrusting up to meet her hand with every tight stroke. She squeezed his cock harder and sped up, circling her around his sensitive bellend each time, each touch making him twitch harder than the last, his final testicle deforming in her other grip.

"MMMMMMMMF!"

He bucked against her, screaming into her pussy. Cum shot out of him like a volcano. It reached as far as her neck, stripe after stripe covering her breasts, then dripping down into liquid stalactites. She winced at the sensation, wet and warm, knowing how hard it would be to clean off in the shower. Boys' last loads were always especially sticky.

Finally, he finished. Beneath her, he sobbed softly. He must have known what was coming next.

"Hey." She stood up and turned around, bending over him. His eyes locked onto her breasts again, blinking when a drop of cum splattered on his forehead.

"Not yet. You clean it? You can touch if you do."

He nodded weakly. She leaned over him and wrapped her boobs around his face. He grabbed her boobs, so tight and desperate she almost felt pain. Pulling her forward, he leaned into her and licked obediently, shaking as he swallowed his last seed. Was he going slowly because of the taste, or because he wanted to savor his last moments as a man? Sofia could have rushed him along, but she let him have that small mercy.

Finally, he finished. He looked up at her, and his eyes told her so much. He was desperate, almost shaking with terror, but also somehow grateful. Cum smeared his lips and cheeks, and he was still swallowing what he'd managed to get into his mouth. His eyes traced up and down her body, like he was trying to commit it to memory. His lips moved softly, wordlessly begging for mercy.

For a second, she felt...almost bad. Not quite sympathy, since she had no idea what he was feeling, but maybe a twinge of pity? Perhaps regret, for what she'd taken from him.

Then the moment passed. She raised her heel above his last ball.

"You'll be okay. I'll be fast."

"Sofia..." Pleading adoration suffused that one word. Raising an eyebrow, she met his eyes.

"...Thank you."

She turned to the crowd, the rare smile melting into her usual frown. "I show *you* who go soft!"

Her heel slammed down between his legs, one last time. Beneath it, his last testicle collapsed into mush with a grisly *squick*. She stepped onto it, spinning in a half circle, all six feet of muscle-bound woman pinning its remnants against the vinyl floor.

He was passed out by now, so he wouldn't be able to feel what she was about to do to him. She'd done the same technique on dozens before and never given it a second thought, but for some reason, she cared about this boy's pain. Lifting her heel up high, she stomped down with all her force, popping his ballbag open and painting the floor with his grisly remnants. She wiped her heel off on his belly, then leaned down next to his ear.

"AND LADIES THAT WILL BE IT FOR THE FIGHT! Good to see our Queen hasn't lost the edge."

"He's out cold now, but in case you can still hear this, we do have a special message for you from Vanessa. 'The engagement's over. Good luck dating again! Hope you can find a girl who doesn't mind guy who's a quick shot AND missing his balls. Sorry I couldn't lower my standards enough for you.'"

"Oof. I doubt he's a quickshot anymore, but her point stands. Hope he didn't spend too much on that ring! Oooh, and there's Vanessa up in the bleachers, with her new guy here tonight. Get that spotlight up there!"

The theatrics behind distracted the crowd for a moment, so Sofia leaned down close to her victim. He twitched, almost insensate, but his eyes still tracked her.

"You're welcome." And she walked off to the locker room, the door slamming, the roar of cheering fans fading behind her.

Until next time
