

Caged

by Preun BB

"Bt Gmmdsss..Mmmmf mmmff mmff mmm."

"I know what I promised you, slave."

"Mmmmmff PRMFD nlkff mfff."

"I *did* unlock your cage. I just never promised which one."

He was chained on his side in his enclosure, only his most important bits sticking out of the metal fencing in which he'd spent the last five years of his life in. Deep purple marks on his manhood showed where his chastity cage had dug into his flesh, leaving permanent reminders of her ownership. Once, his cock had stood tall and proud, but years in his confinement had stunted it permanently. Now it was crooked and misshapen, an undignified scrap of flesh unfit for anything but her abuse. Still, it quivered hopefully, eager at the hope that she'd fulfill all of her promise.

She hadn't allowed him out of either cage since she'd "convinced" him to give up his freedom. That was a gift she'd always promised for their fifth anniversary.

"If you promise to be good, I'll take your gag out. Would you like that?"

".....mff."

She undid the straps on the well-worn rubber gag.

"Better?"

"Yes, Goddess Samiey. I was hoping..."

"Don't. I'm already giving you so much today. Don't piss me off by asking for more."

"..."

"You do still want to cum, right?"

"Yes!" He answered a little too quick for her taste. She lifted her foot up and gave his balls a gentle stomp. Not her full weight, but enough to leave him gasping with pain.

"Don't be desperate, now. We need to discuss your behavior first." So funny, how he was so willing to cede his promised freedom, but cumming was still a top priority to him. Horny boys could be so stupid.

"Can I trust you, slave?"

"Of course, Goddess Samiey."

"With anything?"

"Of course, Goddess Samiey."

"That's why you let me go over all of those so-called 'hard limits' you had, right? Before you divorced your wife and signed your life away to me. Do you remember that night, slave?"

"...Of course. How could I forget. You...you made me give you everything."

"That's right. That contract was very binding. I know your children were angry that they'd never see you or their inheritance again, but it was the right thing for you, wasn't it?"

"...No."

"No?"

"It was the right thing for *you*, Goddess Samiey. And that's all that matters." Oh, very good.

"That's right. My needs come first. Always."

"Yes, Goddess." She could hear the questioning in his voice, the desperate eagerness that said so much more than his words. He needed to cum, bad. But he wouldn't dare remind her again of her promise. She'd trained him too well for that.

"That's why you promised to do all of my chores for me before I put you in the cage, right? You were my little maid, cooking and cleaning and filing my taxes and folding laundry and paying my bills. You were so useful, before I caged you."

"Yes, Goddess Samiey."

"And now you're just...this." She gestured to him. "You do so little for me."

"It's hard when I'm locked in a cage all day, Goddess Samiey." His tone was impertinent. This wouldn't do. She could tell he regretted the words the moment they left his mouth, but she still had to teach him his lesson. She pulled her foot back and kicked him in the nuts, sending him groaning. She kicked him again, even harder, then again, and again, until he was wheezing too much to speak.

"I don't like your tone, slave."

"Y....yes Goddess, I'm sorry." His eyes were squeezed tight, his mouth half-open. Drool started to track down his cheek. Her kicks had been deadly accurate.

"So why have you given up on all of your chores then?"

"I..I can't sweep, I can't dust, I can't cook-"

"No, of course not. But you can still write, can't you?"

He blinked, horror starting to dawn across his face. "Goddess..."

"You can still fill out thank-you cards, do my taxes, answer my emails. There's so many services you could've offered me the last few years that you just...haven't."

"Goddess Samiey, please..."

"What is the punishment for slacking on your chores, slave?"

He didn't answer.

"What is it?"

"Please don't."

She lifted her foot, positioning her pointy heel right above his left testicle.

"Say it, or I take them both. What does our contract say?"

"If I miss a single chore or disobey a single command, you will...you'll take one of my balls from me."

She lowered her heel onto the organ.

"Goddess, my orgasm..."

"After."

"But it'll hurt so much, what if I can't..." His eyes darted back and forth frantically. She knew he was looking for any excuse to delay the inevitable.

"AFTER! Quiet." Her heel sank down into the squishy flesh, and she twisted. Hard.

His eyes rolled back, and his mouth opened as if to scream, but no sound came out. Beneath her, rubbery flesh distorted beneath a well-worn heel.

It never took long.

After a few minutes, her heel pierced the tough outer covering, already bruised and battered by years of her lessons. That was always the hardest part; once inside the organ, it took only a few flicks to scramble the innards, delicate tubules tearing into mush as she systematically eliminated his gonad's functionality, wobbling back and forth on top of him to ensure the damage was irreparable. He screamed and begged, most annoyingly, but she didn't hold that against him. Even she had to give him a little leeway; no boy could stay totally quiet through his own halfstration.

Finally, she was done. She stepped off and admired her work. The left half of his sack sagged, grotesquely swollen with what had once been a testicle. He was shaking and twitching, openly sobbing, trying and failing to form words. She picked up the chastity from the shelf and brought it over.

"Goddess, you said...you promise...you promised I could cum!" He rasped, barely loud enough for her to hear. Oh, now he found his voice. Convenient.

"I did, didn't I?"

"Yes."

"And you promised you'd do everything you could to make my life easier, no matter how hard it was for you."

"Samiey..."

"*GODDESS Samiey!*" She kicked him again, making sure to hit the intact organ, pinning it against his pubic bone. He let out a soft noise, somewhere between a gasp and a moan, and something shifted wetly beneath her foot.

It was hardly the first time she'd damaged it. Probably a hairline fracture through the inside that would take weeks to heal, if it ever did. Frankly, she doubted the remaining organ had much functionality left at all. The slave was likely already effectively a eunuch.

"Seems like we both broke our promises." She shrugged, and started to cram him back into the undersized cage.

"I..."

"You'll get another chance in five years, slave."

"I..."

"Do you want to piss me off more? You've still got the other one, don't you?" That shut him up.

He stayed quiet as she shoved his cock and sagging ballbag into the tiny steel device, only letting out a few pathetic squeaks when she manhandled his ruptured gonad. The cage would keep it crushed tight against him for the next few weeks until his body finished reabsorbing the liquified nut. A weaker sub would've begged for medical assistance; a quick hospital visit would have saved him a world of agony. But he just suffered in relative silence.

"I...I have one last request." She arched an eyebrow, unimpressed.

"Tread lightly, dear. I'm still unhappy with you."

He could barely get the words out. He was still crying, but to his credit he did his best to keep his voice steady. "...Do you have any work for me to do, Goddess?"

She'd trained him so well.

Until next time

You made it to the end. Hopefully your gonads are more functional than the ones you just read about.

I love hearing from readers. Whether you've got feedback, a request, an oddly specific scenario you've been dying to see written, a unformatted wall of text meticulously describing each and every ballbusting fantasy you've ever masturbated to, or just want to correct all of my typos, drop me a line.
