

Castration Appointment at the Kink Agency

by Preun BB

Oh, hi! Come on in.

Of course I know who you are. *giggle* I certainly wouldn't forget after the...hefty fee you paid. Just...you...are sure you want this though, right?

I mean...I'll do anything for that price, but...it's going to be permanent, you know. *giggle* And... you...do know you're not going to enjoy this fetish after I'm done, right?

Well, I guess that's the whole point for you.

Ok, ok. I can tell you really want this. Let me tie you up and prepare you for your...

giggle

Castration appointment.

It's really one of the most fucked up things we'd ever agree to here at the agency. Especially the way you asked for it. cutting them off is one thing...but you really want me to *crush them into mush*? You sure are a freak. No kink-shaming or anything, but...you must be pretty fucked up to want this.

It's ok, it's ok. Fullfilling fucked-up kinks is my whole job. And I *know* you're going to love this. Even if you're screaming in pain through the whole thing.

You're not the first boy I've done it to, you know. It's rare, but I've met a few others like you in years past. Sometimes they've already had their kids. Sometimes they haven't. Sometimes...they haven't even had sex yet *giggle*

That's the one I really don't understand. It's like, have your kinks, but at least give it a try before you get your balls broken, ya know?

Oh, you're a...virgin too? *giggle* I'm so, so sorry. No, no it's totally ok. I mean...I really don't get why you want to end your sex life before it even begins, but of *course* i'll do it for you just the way you like.

How do those cuffs feel? Nice and tight?

Trust me, you'll need them. No matter how much you think you want this now, once I get started squeezing your balls, you are going to start squirming. And screaming. *giggle* a lot.

A...safe word? You want to back out?

If you *really* want one, I'll let you have one. But if you back out early, I'm keeping the money anyway. No takebacks.

Ok, tell me your word...got it.

So, let me just finish this, and...there.you're tied down spread eagle now, and your balls are hanging down pretty far. Bet you feel pretty vulnerable, huh? *gig* Your sensitive little testicles, all exposed and ready for me to do some...pretty mean things to them.

Well, I can see you're...*very* excited *giggle*, so I'll get to work.

I'm going to prop you up on the frame and then check out the list you submitted to us. If I recall, you had some very specific requests.

Let's see here...

You wanted me to start with some...knees to the balls? *giggle* Seriously, I don't understand how you can like this. When I was in high school, boys would run away from me if I even threatened that, and now you're paying me for the privilege.

Well, whatever you want. Are you ready?

<sound of five knees>

There. Sorry I didn't wait for you to answer. Now that was only five, but I can tell I got you...*really* good. *giggle* I could feel your balls crunching against bone . That must've hurt like a *motherfucker*.

I can see you're trying to hunch yourself over, but the frame's holding you up. Do you just want to curl up on the ground? Was that already too much?

It's totally natural if you want to give up. When I went for the balls on boys that pissed me off in high school, they'd be begging for mercy after just one hit. Taking all five without screaming is actually quite a feat.

Seriously, it's only going to get worse from here. *giggle* Want to use your safeword yet, or are you ready for five more?

Ok then.

whump whump whump whump whump

And one more for good measure. *LOUD WHUMP*

Ok, there. Take a breather. If you can, haha. Looks like you're having a hard time catching your breath.

Aww, do your little ballsies hurt? I think I felt something kinda, crunch from that last kick. *giggle* They were already pretty bruised, but I think that is, uh...not fixable. So. Yeah. Already some permanent damage. Scary, isn't it? We barely even started!

Doesn't that just terrify you? You've literally paid someone to break something *INSIDE OF YOUR BALLS*. And I'm just going to keep going and going, just like you asked. You can stop this anytime you want... but if I don't, you're leaving here with two less testicles than you came in with.

No, no, don't apologize. I mean, it's sick, but I'm not judging you here. It's totally ok that you're one of those weird freaks who wants a girl to turn them into a eunuch. It's not normal, but it's ok. Our kinks are a part of who we are...no matter how fucked up they are.

Now. Are you ready for more? It must hurt pretty bad by now...

Ok. I see you're still...enthusiastic. Somehow.

Let me check your request list again...Ah, time for stomping. I'll rotate your frame so I can get a good angle.

Oh, one thing. Did you want barefoot, or heels? Barefoot'll hurt a lot less, and won't leave as much permanent...

Of course. Should've known you want the heels. You are...Wow. Let me just lace them up real quick and push you down...there. Now you're on the floor,.

Wow. They're really starting to swell up. *giggle* How do they feel? A little sore? I bet the cold concrete floor feels pretty good on them.

Now, you didn't give me a number, so I'm just going to keep stomping until...well, until I feel like stopping. If you're lucky, they *might* both be intact by the end. But...well, you should prepare for the worst. One, or...both of them might just go *pop*.

Are you sure you're ready to lose them? Like, really, really sure?

Ok, I know you're nodding yes, but it's hard to tell when you're breathing so hard and fast. Come on, I need to know you want this.

Say that you want it. Beg me to stomp on your balls as hard as I can with my heels.

....

Ok. Sounds like you're still up for it. Even through the sobbing, I can tell you're still...very enthusiastic.

We'll see how long that lasts.

Ready for the first stomp?

grunt/thump

OOF. I felt my heel go *right* into your left nut. I must've hit a weak spot from before.

two more grunts/stomps

Hahaha, sorry. I swear I didn't mean to stomp leftie again those times. Definitely starting to cause some damage there...

Here, let me even that out. Three for the right ball...

stomp/stomp/stomp

Ooh, those were *hard*. Too hard, really. I should probably do two more on the left to even it back out...

stomp/stomp

There. Now it's fair.

How're you doing? Starting to feel things starting to set in? I could feel my heels...*digging* into your balls, like actually going inside and uh...I mean, that's *really* not good for your little sperm factories. Most boys at this point would be begging and crying for me to stop. Well, you *are* crying, but I know you don't want me to stop yet. You...really want me to go all the way through with this, don't you? You want to leave here with two....*giggle* ruptured testicles?

Of course you do. I'm going to stomp down again

Stomp

...and I've got the right one pinned down now. You feel it, right? The spike of my heel digging right into the core of your nut. If I just twist around, I can....

CRUNCH

Oh WOW, that was a big one. Things are really getting messed up down there now. Your balls are starting to feel...kind of spongy. That's a really bad sign. Or, well, I guess it's a good sign for a guy with a castration fetish. *Giggle*

Especially rightie, it's in *real* bad shape. One more big stomp and I think it'll pop.

Ready for it, *giggle*, *stud*? Ready for me to take half of your manhood away from you, forever? Ready to be halfway to being a...*eunuch*?

Of course you are. You've probably been dreaming of this for years, jerking off to your sick little fantasies. And now, it's finally happening for real. I'm about to kill one of your balls forever.

Say goodbye to it.

Stomp-SQUICK

slave blacks out

...

Oh, you're finally awake!

Yeah, it's done. Well, not done-done, you're not neutered yet.. Just, ya know...halfway done. Yup. Your right ball's totally mush.

Trust me, I made sure while you were passed out.

You're wondering why you're covered in cum? You...don't remember? Well, that's really a shame!

You came all. OVER. yourself right as I gave that last stomp. I mean, I think you were basically in shock from the pain, so I'm not surprised you don't remember. But yeah, it was like this one big last dying gasp from your popped ball. I swear, you must've squirted a pint of cum. I bet it would've felt a-maz-ing.

If you'd been awake. Too bad. You really missed out. *Giggle* And that might've been your last time. I'm certainly not gonna jerk you off before I pop your other nut.

You do remember you signed up to have *both* of your testicles ruptured, right?

What's that? Sorry, I can't quite hear you, can you speak up?

Oh.

Huh.

Yeah, no I heard you. No, I didn't forget what it was. I just thought...I mean, I was really hoping you wouldn't use your safeword.

I mean, really? Giving up now? We're almost done. Your right ball is totally mush, and your left one's pretty fucked up too. I don't think you'd be able to have kids even if I let you go right now. Are you sure you want to stop?

Hm.

Yeah, I just...I'm sorry, I don't think I can. Let you go early, I mean. I know I said I would, but you're all tied up, and you signed that waiver already. The safe word was really just a...just a discussion, not like a...binding contract, you know....

Hahaha. You should see the look on your face. I can't believe how surprised you are.

Well. if you didn't want to lose your nuts, maybe you shouldn't have signed all that legally binding paperwork!

Did having one of your balls popped show you how horrible it is? Did you finally learn why almost no other guy has this weird fucking fetish? Did you decide you *do* want to know what sex feels like before I neuter you?

Well, doesn't matter. I hate leaving a job half finished, so... *grin* Let me roll your stand back up against the wall. This way I can reach down with both hands and...

Oh. my. god. Can you stop screaming for like, one fucking second? You weren't this noisy when I was literally twisting my heel around inside your right ball, and now you're being a big baby about a little squeezing? Stop begging me to let you keep the last one, It's *not* gonna happen.

Ugh. You are being *such* a little bitch. Where is my gag...there. That'll shut you up. Now stop crying. It'll be over in a second.

Well, maybe more than a second. You *did* request I take my sweet time on your last little testicle.

And you wanted me to use my hands, right? Ooooh, this is going to be fun.

Ok. I've got my hands wrapped around your ballsack now. I can feel what...used to be your right ball sloshing around in there *giggle* I can't wait for its brother to meet the same end. I'm just going to press my thumbs in hard..

Hey. Hey! Don't look away. Look into my eyes.

This *is* what you wanted.

crunch

It's what you've always wanted. To finally be a nutless

crunch

Sexless

squick

Eunuch. You were never really a man, were you? This was always going to be the end for you. The whole first phase of your life has been just waiting for this moment. You weren't a man, you were just a pre-eunuch.

And now you're finally...moving on from that phase. Onto a new life. One with a lot less distraction between your legs.

Just one more push...

Are you ready?

Here it goes...Try to stay awake this ti-

POP

Sir?

Are...are you awake yet?

Here, let me undo your cuffs. We've been waiting for quite a while. The ambulance is outside already. But, before you head out to the hospital, I want to chat and make sure I did everything you were expecting, see what I can do better for next time.

I mean, not next time with *you* of course, but for like...other clients.

All the specifics, the kicking, the knees, the heel twists, and the thumbs through your last ball...All matches up with your request. I even ignored your "safeword", just like you asked. The fake one, anyway.

I didn't break character too much, did I? I was worried it sounded fake. We can't really redo it, but if I did-

Oh! Ok, good. I was worried. I'm glad you enjoyed it.

Your acting was *great* though. I was almost convinced that you actually regretted signing up for this. *giggle*

Anyway, I'll bring a wheelchair over, and we'll get you over to the hospital so the nurses can finish removing what's left...down there. Thank you for your business, and if you have any friends with any extreme kinks, make sure to give them our number. You know we'll do *anything* for our clients.

Until next time

You made it to the end. Hopefully your gonads are more functional than the ones you just read about.

I love hearing from readers. Whether you've got feedback, a request, an oddly specific scenario you've been dying to see written, a unformatted wall of text meticulously describing each and every ballbusting fantasy you've ever masturbated to, or just want to correct all of my typos, drop me a line.
