

No Nut Narrator: Squeeze

by Preun BB

The train lurched into the next station and the doors opened with a squeal. The air stank of sweat, beer, and people. Another load of parties heading home crowded into the train, empty bottles barely hidden in the nominal paper bags, and Steve struggled to keep his grip on the hanging leather strap through the incoming swarm.

Commuting home this month would be especially awkward. He crossed his legs uncomfortably, trying his hardest not to pay attention to the bodies crowding in closer to him. Between his legs, his nuts felt full and tight. How was he already this desperate after only three days of denial? Was it really going to get ten times this bad?

Even going a day without relief was unusual for Steve. But this year was the year he'd finally keep himself under control. Just one month is all it was. Lots of guys did it.

Still, lots of guys didn't have to ride the midnight train from the financial district. He'd been staying later at work, far later than any other intern. His manager was impressed with his "work ethic", but the truth was he just needed a place to stay hands-off, and there wasn't anything less sexy than a hedge fund cubicle farm.

He hadn't considered the effect it would have on his commute though. The late night train was a lot more...female than the rush hour train.

The last gaggle of barflies stumbled into the train. They were one guy and two girls, and it wasn't clear who was holding who up. All three looked in their early twenties, probably interns like him.

"New york fuckkllN CSshiitttty! Best. Night EVARRR! Evan! EVAN! You ok?" The blonde girl on the right cried out. She was short and blonde, and thick in the best ways. Steve couldn't help but notice her disproportionate...assets. She didn't seem to be wearing a bra beneath her thin white blouse, and it must have taken some effort to squeeze into it. A few strategic buttons remained clasped, but most of her shirt was undone, a dangerously large amount of flesh spilling out. Steve couldn't help but wonder if she'd been as careless with her underwear beneath her short black skirt.

The Asian woman on the right was tall, well over six feet and not even wearing heels. Her long black dress probably looked elegant and imposing at the beginning of the night. Not so much now that her makeup was smeared, her left shoulder strap was hanging off, exposing half her bra and a good chunk of her own creamy white breast.

He started to sweat, and adjusted himself as best he could to hide his emerging erection. Inward, he scolded himself. Is this what he was? Three days without cumming, and he just thought of women as a collection of breasts and curves? He wasn't normally like this. He

respected women, he worked with women. For women, even. But with his balls stuffed full of cum, his entire brain seemed rewired to view everything through the filter of fuckability.

Still, his brain wasn't the only organ he couldn't keep under control. He shifted awkwardly, briefly wondering why they were called slacks when they were so tight.

"How'ssss NOVEMBER going, Evan? Christieeeeeeee ASK HIM ABOUT HIS MONTH." Steve's mouth went dry.

"Shhhh! SHARON! It's a shecret." Christie looked over at Steve. She met his eye and winked. "Shecret."

The train jolted, and Christie stumbled into Steve. She batted feebly at the strap above her head.

"Mmmf. Handles too. Toohigh." She gave up, stumbled forward and latched onto his arm, swaying gently, pulling herself against him. He found his arm nestled between two soft, warm it most enjoyably against her shirt. Her breasts were warm and sticky against his skin.

"Um." Steve was sweating bullets. If he didn't make a major adjustment soon, things were going to get awkward. Already, his cock was making a noticeable bulge in his trousers. He could shift it around, but soon he'd have to tuck it up into his waistband if he wanted to stay remotely decent.

The subway jolted, and Christie clung to his arm for dear life. She was warm, and soft.

Now he couldn't help but blush, and his cock grew to its full length. He hoped to god she couldn't see...

Christie's eyes flickered downward, and her drunken smirk grew into a full grin.

"Ohhhhh my god. Ohmygodohmygodohmygod," She bounced up and down, still hanging onto his arm. Now he couldn't ignore the feeling of her breasts rubbing against him.

"I'm sorry, I can't help it." Steve grimaced, and let out a sigh.

"Do. you. Have." She punctuated each word with a drunken poke to his chest "A. Secret. TOO?!" She cackled. He blushed.

"Is. it. That. MONTH!"

"Look, it's just. I need to get myself under control, and it's a good way for guys to-"

"I can't. I swear. Every guy. In this town. does it." She slurred. "I don't get *why*."

"Keep it down. I'd really rather keep it discreet..."

"Hey, EVAN! I think you've got a no-nut neighbooor over here!"

So much for discretion. Evan stood up straight and nodded to Steve, his stance much stabler than his partially-nude companions.

"Sup, dude." Evan's eyes flicked downwards, then darted away. "Uh, sorry. Christie can be a little...handsy."

"EEP!" On cue, her hand grabbed his butt and Steve jumped. His cock fully tented his pants now, and Sharon, the tall Asian girl, looked down at it in disgust.

"Ewwwwwwwww. Put. That thing away! Seriously. You guys do this, and you act like it hurts you, but really. It just hurts us girls!." Her words were a little more coherent than Christie's. A little.

"Oh, this hurts you? You're the ones sacrificing here?"

"Like. You make it out like *we* want this. And you don't touch yourself, or cum, or even give a girl a *FUCK*-" She spat out the last word with such vehemence-" And you expect us to admire you. But the truth is." She peeled off of Evan.

"It's gross. It makes you horny. And horny guys are selfish," She stared at Steve's crotch and sneered. "That's all it is, selfish. This month, this whole...'sacrifice', it's you. All for you. From you." She stepped closer, jiggling the cup of her bra loose at last. Her dark brown nipple popped into his view. The crowd warmed the subway up too much for how pointy it was.

"Oh, lay off him Sharon. Poor guy can't help himself." Christie was staring at Steve's tented crotch too, almost drooling.

The attention of two beautiful women, even in this state, was too much for him. Steve could feel a wetness in his boxers, and cold panic gripped him. It took him a second to realize he'd leaked precum, a sensation wholly unfamiliar to him.

Is this what it was like for guys who didn't pump themselves dry three times a day? Was three days a long time for normal guys? He shuddered, trying not to think about how many days were left in the month.

Somehow, Sharon seemed to sense his weakness dripping out of the tip of his cock. She stepped closer to him, close enough for him to smell the gin she'd been drinking. Then suddenly her hand was between his legs, squeezing.

Steve gasped.

"Stop. Let go! Please!!" He bucked forward, following her tug. More sticky wetness crept down his boxers. Even through his pants, he could feel her hand searching, then clutching his sensitive cockhead.

"Ugh. So gross! I wasn't trying to jerk you off. See, this is what I..."

She let go. And suddenly, dropped her hand a few inches lower and darted in, squeezing again.

This time, Steve couldn't manage words. He just wheezed as she tightened her grip around his testicles.

"Sharon, shtooooop! You're really hurting him!" Christie batted her sadistic friend's hands away, and Steve bent over, holding himself.

"T...thanks a lot," he coughed out.

"You're...Welcome!" She moved in front of Steve, shoving her friend out of the way. She pressed up against him, brazenly reaching down and pointing his cock to the left in his pants before he could defend himself. Then she leaned in close, pressing against him, squashing her bosom until it almost popped out of her barely buttoned blouse. She was short enough that, if his cock was pointing up, he'd fit between those two luscious pillows.

"Now. My turn." She grinned up at him. "Shhhhhhee gave you the sampler, I'll give you the ENTREE." Christie threw her head back and drunkenly cackled at a joke Steve didn't understand.

"W....what?"

"Squeeze, or jerk?" The short blonde girl winked up at him. "I'll give you the full thing, but you can only choose one."

Steve blinked. Was she really offering...

"Um...what?"

"She's serious, dude." Evan said, wincing. "Trust me. I've seen her do way more than that to random guys on the dance floor."

"Yupppppp. I'm a drunken SLUT!" She giggled. "So. What'll it be, MISTER! Are you really...do you really wanna do this SHTUUUPID month? Really wanna say no to gettin jerked off by ME!"

Steve could barely think. His balls still hurt, but he was still rock hard. Harder, even.. Like three

days without cumming had awakened some alarming new preferences.

"Dude." Evan whispered. "Just...take the squeeze. If you want to actually do the month. Otherwise, she'll..." He swallowed. "Don't let her break you. No nut november is a serious commitment."

Steve swallowed. "But...my balls." He said dumbly. "I don't think I can take another squeeze."

Evan nodded, resigned. "I get it. I know you think that, Sharon's squeezes are....rough. Christie's will hurt, but at least you'll stay committed."

Steve swallowed. "Are...are you sure? Can she....control herself?"

Evan nodded, but his eyes were downcast. "I mean, she won't break anything. Right, Christie?"

"Don't wwwooooooooorry. Youuuuu'll stillbeabletohavekids." One hand started to slide under his waistband, the other went for his zipper.

"You...are taking the shqueeze, right?"

He took a deep breath. Was he really about to do this? Voluntarily let a drunk girl squeeze his balls into mush, just so he could win some stupid challenge against himself? Christie's warmth pressed against him, and his cock responded predictably. Precum had almost soaked through his pants. He could just give up, let her wrap her hand around his cock, her breasts jiggling with each stroke. It would feel so good, and she was so hot, and what was he even doing this all for?

No. He locked eyes with Evan. This was what No Nut November was all about. Self control. Bonding with other men, forgoing the whims of libido. He could do this. For himself, and for Evan. They'd just met, but he couldn't let his brother in arms down.

"Yeah. The squeeze." And he braced himself as two sweaty, uncoordinated hands pulled his pants and boxers off, his cock springing up from the prison, flicking a bead of precum onto her tits. Those same hands darted between his legs, around their prize, and Steve gasped as Christie started to squeeze his nuts in earnest.

"Ooooooh, he doesn't like that." Christie pulled forward, and Steve thrust his hips to follow, tiptoeing to keep himself close to his eggs. She seemed determined to test the strength of the wrinkly sack in her hands. Yanking and pulling on her handful, Christie drunkenly jabbed her thumbs into his swollen, blue orbs. Steve's eyes bulged out.

He'd taken his fair share of hits to the groin to be familiar with the pain, but he'd never gotten *squeezed*. And certainly, never with three days of cum pent-up inside.

It was excruciating. Steve's legs quivered, and he struggled to stay standing. He tried not to think about what would happen if they gave out. Hopefully, she'd be observant enough to let go, but she was *pretty* drunk.

If the damn car wasn't so crowded, he would've tried to fight back, to push her off and escape. But he knew how bad it'd look if he shoved a drunk girl to the ground, and he wouldn't be able to push through the increasingly tight crowd to get away from her. And he didn't want to imagine what she'd do to his nuts if she was mad. So he just did his best to endure the breathtaking pressure around his swollen orbs.

"Yeahhhh, these things are pretty full!! Sure you didn't...didn't start a little early?" Christie rolled his oversized balls around in her hands. "Seriously, three days...just three days, that's kinda crazy. Like, I bet Evan's aren't even HALF this shize."

"Bullshit. You know I'm hung. Hell, just ask Sharon. She was feeling me up on the dance floor all fucking night." Evan smirked apologetically. "Sorry, Sharon. At the end of the month, maybe, but you know I can't break No Nut November."

Sharon's sour expression darkened into rage. "Can't even get a decent fuck in this city...And hung, my ass." She stumbled over to Evan, and suddenly, her hands were between his legs.

He struggled, but the willowy Asian girl was apparently a lot stronger than she looked. One hand down his pants and squeezing, she hooked her thumbs around his waistband and pulled down. Evan's own cock and cum-swollen balls flopped out.

Apparently, Christie had been right. He certainly wasn't "hung", but three days without cumming still had a visible effect. His balls were tinged a darker shade than the rest of his manhood. At least, the bit that Steve could see peeking out between Sharon's fingers.

"Committed to your stupid contest, are you?"

"It's not a contest, it's a personal...-" Evan gasped. The nutmeat bulging out between her fingers had suddenly grown as white as Sharon's knuckles.

Not to be outdone, Christie immediately doubled down on her own grip. White light suffused Steve's vision, and he started to crumple at the waist. Two feet away, his newfound friend did the same.

This was what No Nut November was about. Not having your balls squeezed into pancakes, not necessarily, but this brotherhood, this *connection* with a fellow man he just met. They both were enduring the worst pain they could feel, just to show their commitment and control. If Evan could take it, he could take it. Steve took another deep shuddering breath, even as Christie started to twist.

Finally, moments before No Nut November turned into a much more literally named event, Christie let go.

"I give uppp! God *DAMN* you can take a nutsqueeze! *SHERIOUSLY* impressive." One final drunken slap between the legs sent him wheezing, but Steve slowly got to his feet. He'd made it. He'd shown that he could keep his promise.

And immediately, he found himself with another challenge to his resolve. The trauma of Christie's squeeze (still lingering of course, in that horrible way a stiff squeeze of the gonads does) had distracted him from other feelings between his legs. As he massaging his aching ball bag, he realized he was rock hard. And dribbling. A lot. He reached down to pull his pants back on, but Christie stomped down on his boxers and slacks, pinning them to the floor

"You don't need em. Besides, I wanna sheee...my *handiwork*," she grinned. "Almost looks like I gave you a couple more daysh all at once, ha!" Indeed, his balls were swollen, even more than before. If it weren't for the bruises it might've actually looked like he was even more blueballed rather than injured.

She flicked the tip of his dick, and he shuddered. The hanging strand of precum broke free and splattered on her leg.

"For the love of god, Sharon!" Evan's squeal broke him out of his reverie. Sharon still had his balls firmly in her grasp.

"Give up yet?"

"Christie already let go!"

"She started before me. Think I got...I got... five more minutes?" She gave another twist, her face stoic even as Evan started to blubber. Steve couldn't tell if she was even still drunk.

"Five...Minutes? She didn't start, she didn't start that much earlier. It was...thirty...seconds...at....best!" Evan gasped, each word more high pitched than the last. With pains of sympathy, Steven noticed that Sharon had started to twist.

"You can still give up any time. You wouldn't let me jerk you off on the dance floor but the offer's still open."

Evan's eyes went wide. Steve could see a flicker of doubt, but he knew Evan would hold out. The oath they had sworn was sacred, and Steve had done the same for him. He could see it in his new friend's eyes, nothing was more important than holding his cum in. Together, they'd show sadistic bitches how strong a man was, never giving up on a promise no matter-

"OK! OK! Just do it already." Evan winced. "I'm...I'm sorry." Steve realized Evan's cock was as hard as his.

"Dude, it's only been three days..." Steve couldn't keep the hurt from his voice.

Evan's face hardened. "Just...shut up. I don't know you, I don't owe you anything. And you didn't have...your squeeze wasn't as bad. I " His eyes were glued to the floor, and Steve knew they both knew he was lying.

Sharon snorted. "This would've hurt SO much less if you'd just given up earlier." She swirled her hand around Evan's slick cockhead. He'd dripped more than enough precum for her to use as lube.

Steven watched in numb disappointment. He tried to look away, and tried even harder to make his own betraying cock go soft, but he could only control himself so much. Sharon wrapped her hand around Evan's stiff cock, and Steve tried not to look jealous. Between legs, his own bruised and denied balls ached for relief.

"That could've been you, dude," Christie leaned up against him and whispered as Evan shuddered started to gasp. "Could've gotten the jerk. But instead...you chose the-"

"AAANGUHHH!" Evan screwed up his face and let out the most undignified moan. Sharon didn't even give him the joy of a full orgasm, pulling her hand away just as he had started to go over the edge.

It hadn't been long, maybe thirty seconds of stroking. Evan had given it all up, three days into the challenge, for that. Steve couldn't hide his disgust.

Nor his jealousy. He was still rock-hard and needy. It was so easy to reach down and...

He blinked, aware of what he was doing only after a few heavenly pumps. And the distinctly odd wet feeling between his hand and shaft. He looked down, stunned. Had he already...

No, it wasn't his. Evan had covered him with three days of his own pent-up cum.

In his haze of lust, he hadn't bothered hiding anything from the other three, who were now staring at him with a variety of expressions. Evan looked sincerely apologetic, but more than a little disgusted. Steve felt himself go red as he pulled his hand away from his cock, white webbing sticky between them.

"You must be...so *DESPERATE!*" Christie hiccuped and laughed at the same time.

Sharon's look was a mixture of disgust and confusion. "You didn't let her jerk you off, but you touch yourself using *another guy's cum?!!*"

"Hey, he shtopped! Eventchually." Christie snorted again. "Gotta give him credit."

The train's brakes squealed the car to a halt, and Christie reluctantly peeled herself off of him. Finally! This was their stop!

She moved her foot off his clothes and Steve scrambled to make himself decent. The feeling of Evan's cum drying against his boxers wasn't pleasant, but it was better than staying half nude.

Besides, the dampness was the least of his problems. The real issue was the memories that came with it. Sharon's hand a blur around Evan's cock, Christie's warmth pressing against him. Her breasts almost popping out of her bra. Sharon's nipple poking out, almost winking back at him, diamond-hard despite the warmth of the train. Christie, so short and thick, blonde hair a mess in a way that made him imagine her after a good fuck. Sharon, tall and elegant, knowing full well what her body did to men despite her clearly

dim view of them. Even, he shamefully knew, that look on Evan's face, uncomfortable and pained but still so fully relieved, finally free of the terrible burden of control. Even that swirled around his menagerie of fantasies.

Between his legs, Steve's cock throbbed against his slacks angrily, and he felt himself dribble another strand of precum.

This was going to be a long month.

Until next time
