

Prank Gone Wrong

by Preun BB

Oh hi! How *are* you! I haven't seen you at school for like, two weeks. Not since me and my friends' little prank. No, don't try to get away. I wanted to ask you something. *giggles*

Do your balls still hurt?

Don't get so pissed. Don't! I've seen guys sack tapping each other all the time, and it's so funny! I just wanted to try for myself. And I got you soooooooo good! I just wanted to know if you could still feel it *giggle*

Honestly, I can't believe you *actually* fell for it when I asked you to come with me behind the bleachers to make out. You weren't expecting my friends to be waiting for you there, were you? And you definitely didn't expect them to hold you down, pull your pants off and hold your legs apart while I stomped full force on your little nutsack.

No, I didn't know both of my friends were going to want a turn kicking you too. but I mean, I can't blame them, after *I* had so much fun. And then...of course, watching them get a go at your balls made *me* want to outdo them, so I just had to get one more round in at the end!

Ok, I admit, at the end, when I put my high heels back on... that *might've* been a little too much. Remember? You were screaming soooo much, like <mimics highpitched voice> "*Nooooo please get off my balls pleeeeeeeasssee stop don't pop them don't pop them!*", I was actually starting to feel kind of bad. So, I *am* sorry about that. *giggles* kind of. I mean, that *was* the funniest part, but it was pretty messed up. Especially when I put all my weight on them and, ya know...*giggle jumped*. I'm surprised I didn't shishkebab the damn things with my heels.

But you're fine now, right? Nothing...*giggle popped* down there, I hope.

Why are you still so mad? I've seen guys get sack tapped all the time, it's not a big deal. **giggle** You'll get over it, I'm sure. See, you're practically walking normally now!

Ooooooh, is that why you were out of school for so long? You were waiting until the bruises healed up so you could walk normally, so you didn't have to answer embarrassing questions?

laughs Ah, that's a nice image. You lying in bed naked, all curled up with an icepack between your legs, waiting for the pain to go away...That must've been awful. I guess I really did do a number on you *laugh*

No, seriously though, where were you?

You...weren't at home? You were at...The...Hospital?

For what?

...Surgery? What did you need surgery for?

...Oh. My. God.

whispers Are you...are you serious?

cracks up laughing You...you had to get your *balls* cut off?! Oh my god, that is **HILARIOUS**.

I...POPPED them?! What! I didn't even know they could...WOW. Oh my god, WOW. I'm sorry, i'm so...*giggle* WOW.

Sorry, I can't get other that. You actually got castrated from a prank. Damn, that *sucks*!

No, I'm *not* going to be quiet! It *is* funny! Don't look so pissed. It *is*! Ok, maybe you don't think so yet. But seriously, if you were a girl, you would think this was sooo funny. Like, kicking a guy in the balls is funny enough...but actually kicking him so hard that they **LITERALLY** explode? Come on, you have to see the humor.

Fine. Maybe in a few years you'll see it. *laugh*

Are you seriously crying? *rolls eyesfrustrated sigh* Man up, you'll live. I've lived my whole life without balls and I don't miss them at all *laugh*

Yeah, I *know* what it means for you. *laugh* I know it's permanent. That's what makes it so funny! Like, you're literally never going to lose your virginity now. Never have kids. You're never even going to jerk off again. All because you were so horny you didn't realize I was fucking with you. *laughs*

Seriously, I mean...how could *you* actually think *I* wanted to make out with you? How dumb do you have to be to fall for that?

Ohhh man, you must be soo traumatized. I bet if any girl ever asks to make out with you again, you'll run away screaming. Not that that's ever going to happen. I mean, you're pretty much out of the dating world now. I don't know any girls who'd want to be with a...*giggle* nutless wonder. If a girl's looking for a boyfriend, she probably expects him to still be *giggle* a boy.

And don't think you're going to keep this a secret either. I'm telling *all* of my friends!

Hey, you've got to tell me How did it feel? I want to know. Come on, come on come on come on I wanna know I wanna know I wanna know! Could you feel when the first one popped? What about the second?

Could you tell when it was too late to fix them? When we'd finished neutering you completely? Ooooooh, did they let you keep your sack? Or are you just, like, smooth down there? Show me! Show me show me show me. Get your pants down, I wanna see what you have left.

Ok, fine. I'm sorry. I can tell from your face you're too shy to show me. I get it, it must be so humiliating for you to be missing...your testicles. It's just...I'm so curious.

You have to understand, for me, this is like...fascinating. I can't even imagine what you've gone through. Like, I can't even imagine what getting *hit* in the balls feels like, let alone...feeling them *pop*. Just another of the perks of being born a girl. *shows off pussy* Nothing hanging down there to get hurt

Oh, Why didn't I stop? *giggles* I mean I know you were screaming and crying so much, and you just kept begging for us to stop...but I just had to keep going. It was just. Too. funny.

What do you mean, "Didn't I feel them pop"? *unconvincingly* Of...of course not. I...definitely...would've...stopped if i could actually...

Ok. Fine. *rolls eyes* You got me.

I popped your balls on purpose. The secret's out. *laugh*

I mean, ok, when we planned the prank I wasn't thinking about going, ya know...all the way *laugh* But when I was stomping, and I felt your first nut just...give way under my heel, I just knew I had to finish the job *giggle* You know, afterwards, when my friends left to call the ambulance and you were all passed out, I even...

Well, I didn't want the doctors sewing your balls back together, and nobody was around to see, so I kinda....reached down there and squeezed.

There were still some pieces intact kinda floating around in there before that, but by the time I was done *laugh* Well, I'm sure you saw the x-rays. There was nothing left in your sack when you got the hospital, right? Right.

Why? Why did I do it? Well...

Like I said: it was *funny*. And I mean that! It was the best prank we've ever pulled.

But yeah, yeah, you're right, that's not...all it was. See, I've always kinda... fantasized about hurting a guy, like, you know, *really* hurting him. And when you were on the floor like that, your tiny cock and black and blue balls just...lying there...well, it was just *too* tempting. I couldn't help myself *sigh* I just had to turn them into peanut butter. *giggle*.

Awww, I'm sorry, I really...kind of...am. Here, let me tell you something that might cheer you up:

So every night since I castrated you, I've been thinking about it. Like, the way your eyes bulged when my knee slammed into your crotch...And how you screamed when your first nut gave out...oooooh, and my favorite part, right at the end, when you begged for your last good ball before I jumped up high and landed *RIGHT* on it*giggle, sigh* I've masturbated sooo much to those memories. Knowing that I actually did that to you, that *I'm* the girl who took your manhood from you forever...*sigh* it's so fucking hot, I'll be thinking about it for *years*.

shrug So, you know...at least you got to make one girl feel good before you *laugh* lost your balls.

Until next time

You made it to the end. Hopefully your gonads are more functional than the ones you just read about.

I love hearing from readers. Whether you've got feedback, a request, an oddly specific scenario you've been dying to see written, a unformatted wall of text meticulously describing each and every ballbusting fantasy you've ever masturbated to, or just want to correct all of my typos, drop me a line.
