

A Painful Train Ride

by Preun BB

"Are these seats taken?"

William looked up, startled, from his reading. The whole point of booking a luxury class compartment was to avoid these kinds of disturbances. Why else would he have booked a soundproof room? It was a long ride.

Then he saw who had opened his door. Two gorgeous women, one in her mid twenties, the other closer to his age. The older one was blonde and buxom, and beneath her blouse he could see she was wearing no bra. Her mom jeans looked painted on to her curvy legs and thick butt.

The other was a slim brunette, wearing a form-fitting black dress, fishnet stockings, long black gloves, and wicked looking heels. She was smiling at him, an enigmatic expression on her face, and under her gaze he felt his face flush. In her right hand was a large leather bag, like a doctor's kit.

His plans to ride alone and get work done disappeared in a puff of fantasies.

"Of...of course. Come on in." He gestured unnecessarily to the three open seats. Blonde sat across from him, and the brunette sat next to him, leaning in uncomfortably close. He could smell her perfume, and his tailored slacks grew suddenly tight. Warmth flushed his face. Laura didn't have to know everything that happened on his business trips...

"So, uh...Ladies, are you..."

"What's your name?" The brunette cut him off.

"I'm William."

"Hi William! I'm Elara." The blonde flashed him a grin, nearly bouncing in her seat. What was she so excited about?

"And I'm Goddess Alexa." said the brunette.

"...Your parents named you Goddess?"

"No, I named me Goddess."

"Ok, nice to meet you, Elara, and...Alexa."

"Goddess Alexa." Alexa gave him a quick slap between his legs. He hunched over, more surprised than hurt, although it did sting.

"Ow...ow! That *hurt!*" He coughed. "What the hell? Don't just hit me like...that. Fuck." The pain took a second to set in, but she'd actually hit him pretty hard.

"Oh, don't mind her. She can be so sensitive sometimes." Elara snickered. "Do you want a little room to let them breathe?"

William stared at her.

"Your cock and balls," she said, gesturing between his legs. "You're looking kind of cramped down there."

"I'm...I'm quite comfortable."

"Oh really?" Goddess Alexa pulled his legs apart, and Elara's sneaker thumped into his groin. She kept it there, twisting it back and forth like she was putting out a cigarette. Groaning in pain, he tried to pry her foot away, but Goddess Alexa held his arms back. For a skinny girl, she was so *strong*. Elara pressed harder into his jewels, and he let out an undignified squawk.

"I'm...I'm sorry if I've offended you, but actually this is a private car. You need to leave, Elara and...and Alexa." He coughed. What the hell was *wrong* with them?

"*GODDESS!*" A gloved punch added to the agony beneath Elara's sneaker.

"William, please. Please don't act up on us. We've been looking for a man with your kind of equipment for a while," Elara rotated her ankle, slowly but surely, and a twisting tightness choked him, "And this little cabin gives us the *perfect* way to play with it. You *do* want us to play with you, right?"

"I..."

"Say no and we cut them off." Goddess Alexa flashed a very sharp set of shears at him. "Cock and balls, the whole thing. Same thing if you flag down an attendant to help or whatever."

"Right, if you make things difficult we *will* have to snip you. But it won't come to that, right?"

He didn't answer. Words were difficult. He just stared forlornly at Alexa's scissors. What had he done to deserve this?

"*Right?*" Elara pressed harder.

"Ok, ok! Please. Please. Please don't..."

"Please don't what?"

"Please don't snip me." He said in a horrified whisper. They couldn't be serious...could they?

"Then pants off, please! And hurry." She said cheerfully, pulling her foot away. William unbuckled his belt as fast as he could and slipped his trousers down, shaking with fear. His thin briefs outlined his already swelling jewels.

He cried out pitifully when Goddess Alexa smacked them again. "Underwear too, slave. Stop wasting time."

Gingerly, he peeled his last scrap of dignity away. His manhood flopped onto the cold plastic seat below, and he moaned through gritted teeth. As agonizing as the pain was, his cock still hadn't gotten the message; it was waving upright, stiff as a flagpole.

"Wow, Elara. You were right, he's really got a pair on him."

"Yeah, I could feel them under my foot. Close your eyes, William."

William *really* wanted to keep his eyes open, but he also really wanted to remain a man, and he knew every command carried an implicit threat of castration. He shut his eyes tight.

Goddess Alexa unzipped her bag quietly, pulling out a pair of heavy-duty alligator clamps. They were both about six inches long, with huge square teeth zigzagging down their jaws. Both girls were giggling softly, trying their best not to make any noise. Each woman needed to use both hands to pry the jaws inches apart, and even that took almost all their strength. Two sets of metal jaws gaped just wide enough for a pair of testicles.

At the same time, Goddess and Elara lined them up with their quarry and let go.

SNAP-CRUNCH. SNAP-CRUNCH.

Unforgiving metal teeth clamped down on nutmeat, as hard as two bear traps. William's eyes shot wide, and he let out a piercing howl.

"AHHHHHHHH what the FUCK what the FUCK is this. Oh fuck oh fuck take them off!"

Elara giggled as he squirmed about. His thrashing made the metal clamps smack together with a clang, and he screamed even more.

"Ooooooh, did that tear something? If you stop moving, it might hurt less. Trust me, you're not going to shake those off."

He tried to reach for them, but Goddess Alexa kept his thrashing hands away from the clamps. William just stared down at his balls, horrified. Along the jaws of the clamps, nutmeat bubbled out through a tiny gap, maybe half of his fat set of balls trapped outside the jaws. Even as he watched, tiny spiderwebs of bruising started to etch that flesh. Black and blue splotches had broken out beneath the metal teeth.

It was rather unpleasant for William. He prayed that he'd pass out from the pain soon.

"Yeah, that does not look good. Goddess, look at those *teeth*!"

"Wow, that is *way* worse than I thought it would be. No wonder none of my slaves let me try this out on them." She giggled. "I...I think they're already starting to crack. How are you holding up, William?"

"Get...them...off." He spat out through gritted teeth. "I...I can feel something tearing. *Fuck*, it's really..."

"Yeahhhh, that's not surprising." Elara joined in the laughing. "You probably shouldn't let girls put that kinda stuff on your balls if you plan on having kids."

"I...I didn't let you...You said..."

"Whatever. So, what will you give us to get them off?"

William blinked stupid. "Give..."

"Yeah, what do you have for us?"

"I'm...I'm not giving you crazy bitches anything. Get these fucking clamps off my nuts!"

Elara winced. "Really not the right answer, William. Do you want right or left, Goddess?"

"I'll take the left."

On cue, Elara's foot pinned his right nut into him. With the clamp crushing his nut, the pain was much worse than before. William's vision went spotty.

...right before Goddess Alexa stood up in her seat and primly stomped a heel into his left nut. He could feel the thing poking right through, almost skewering the nutmeat between the jaws of the clamp. His vision went white, and he finally did pass out for a second.

Each girl gave a vicious twist, then stepped off his balls. The vices had been clamped too hard to be dislodged entirely by their torment, but the jaws had shifted. New bruises were breaking out.

"Now, what will you give us to avoid having that happen again?"

"Anything. Everything. All my money, everything I have, just please for the love of god..."
He trailed off, gasping suddenly. Some tiny motion of the train had dislodged something excruciating beneath the metal jaws.

"Where's your wallet, William?"

"It's...it's in my pants."

Elara reached down for his slacks and dug around for his wallet.

"Wow, two grand?! You sure do spoil us."

He didn't answer.

"It's worth it to keep your balls though, right? I mean, a thousand dollars a testicle is pretty cheap. Boys have offered me way more than that."

"I think he can do better, honestly."

"Hmm...I don't know, Goddess. William, what else can you give us?"

"Nothing! That's it, that's all my money."

"You do want us to take the clamps off, right?" Goddess Alexa smiled evilly. "I really don't think they're going to survive the whole trip with them on..."

"I...I don't have anything else, I swear..."

"Are you dating anyone?" Elara asked. William blinked.

"What..what does that have to do..."

"Answer her question, slave."

He swallowed. "I...I have a fiancée..."

"Oh! That's even better!" Goddess Alexa grinned, realizing where her friend was going.

"Dump her. Now."

"W...what? No! We've been together for years, and we..."

"William." Elara looked down frankly at the two orbs, which were steadily growing flatter and more distorted beneath the metal teeth. "Make your choice."

He went speechless, then started to sob. Still, he reached down beneath him and got his phone, his hands shaking almost too much to type his password.

"Here, take a picture." Goddess wrapped her hand are his dick and gave him a few pumps, reviving the flagging organ. "Sent her a picture of me jerking you off. That way, you can't take it back later."

"Ok, but please...you'll...promise to take the clamps off?" He pleaded.

"Absolutely. Just take the picture. I don't want to keep touching this thing."

He tried to hold his phone steady as she pumped his cock. Cold, numb spots had started to break out across his nuts, and he felt lightheaded. Not a good sign. He needed to move, quick.

Snap Snap Snap Snap Snap

He took a dozen pictures, most of them blurry. He hoped at least one was good enough for the Goddess.

"Here, give it to me. I don't trust you to write a good message." She plucked the phone from his hand and scrolled through his contacts.

"Laurbear, is that your name for her? Adorable."

He nodded silently. Goddess Alexa went to work typing a message, and Elara took the chance to move down between his legs, peering closely at his pinched ballsack.

"Hey, William?"

He squeezed his eyes tight, tears flowing freely now.

"Can you feel it if I do...*this*?" Elara flicked a hunk of shiny nutmeat.

"Hnnnnnngghhh....AAAAIIHHH!"

"Guess so." She giggled. "Don't worry, I know it probably hurts like a *bitch*, but honestly they're mostly still intact. The clamps are really strong, but Goddess calibrated them perfectly; we'd have to leave them on you for *hours* before you were all the way castrated. I mean, there's going to be some damage no matter what, but honestly you'll be fine."

Cold sweat sheened his forehead. He had no reason to trust her, but he held out hope anyway.

"Ok, sent! No way she'll get back with you after that. This is really going to piss her off. Oh!" His phone buzzed, and Goddess's face lit up with glee. "Oh, yeah. Sure did." Another message, then another.

"Wow. She is really not happy. Honestly she might just finish the job for us even if we take those clamps off now. Seems like you're pretty fucked either way."

"...If? You *promised*-"

"Oh, I'm sorry. Of *course* we'll take them off." Goddess gave him an evil grin. "You're just going to have to wait until the end of our trip."

"The...end..."

"Yeah, we're just hopping a couple states over, shouldn't be more than a few hours."

"And we've got this doctor friend at the end, she can fix you up real good!" Elara chirped helpfully.

"...hours? My balls, I can't...You said..."

Goddess Alexa shrugged. "Yeah, they're not going to be in great shape by then."

"...You said...you fucking *said*..."

"Hey, don't raise your voice at her!" Elara gave him another flick, and his vision went white again. "That's rude."

"Wanna give them a twist?" Goddess grinned, and his eyes went wide.

"No no no I'm sorry please DON'T-"

They ignored him. Each girl grabbed a set of rubber handles and yanked viciously, torquing around and pulling his gonads dangerously far away from him. The things made tiny wet sounds beneath their clamps, and he started to convulse.

"That's enough, that's enough! We don't want him to pass out."

"Does he even have anything left down there?" A gloved thumb pressed another shriek out of him.

"Sounds like he's holding up fine. He is going to last us a while. Great pick, Elara."

"Thanks. I've played with guys' balls a little before, but I've never had a pair in control for this long. I really want to see what we can do to him. I'm so jealous of how good you are at this!"

"It's my whole *job* to hurt men, honey. Don't blame yourself, I'm pretty damn good at this. I'll make sure he lasts us the whole way."

"Really?"

Goddess Alexa smiled. "You've got a lot to learn."

Three hours later, the train pulled into its final stop. Time had flown as the pair had tried out every one of Goddess's tools on William. The only lulls in their play had come when he passed out; the two dommes didn't want to break anything while he was under.

Goddess slammed a final wet stomp between his legs, and the newly-made eunuch passed out, his strangled cries drowned out in the squealing of brakes. Without any meat left to pinch, the clamps fell off his scrotum.

The two women left the train giggling to themselves, reminiscing on their favorite bits of the last few hours. Their promise to bring him to a doctor was long forgotten.

Until next time

You made it to the end. Hopefully your gonads are more functional than the ones you just read about.

I love hearing from readers. Whether you've got feedback, a request, an oddly specific scenario you've been dying to see written, a unformatted wall of text meticulously describing each and every ballbusting fantasy you've ever masturbated to, or just want to correct all of my typos, drop me a line.
